

# Wire Transfer Instructions

Funds can be wired from bank to bank, however, **foreign and domestic wires can take from one to ten days.**

*Anyone requesting a refund by wire transfer will have \$20.00 deducted from the refund amount for banking fees USA Basketball incurs when wiring funds.*

You are encouraged to pay any fees associated with the Letter of Clearance application process by credit card since in most cases this will ensure that the processing of the application will begin sooner and not be postponed due to a payment shortage or a delay in USA Basketball receiving documentation directly from USA Basketball's bank.

Wire transfers to USA Basketball should be directed to the following bank:

Bank:	<b>Chase Bank</b>
	<b>Colorado Springs, CO 80903</b>
Account Name:	USA Basketball
Account #:	476 233 221
Routing & Transit:	102001017
Swift Code:	CHASUS33

Please note additional banking fees will be deducted by the originating bank and/or USA Basketball's bank. Therefore, an applicant must be aware of these additional banking fees and make sure the USA Basketball account is credited with a net transfer of \$125 for the application fee. Without the full amount, the letter of clearance will not be processed.

**The player's name must be on all wire transfers when the transfer reaches the USA Basketball bank account, or it will not be possible for the wired fees to be applied to a player's application and the letter of clearance will not be processed.**
